

BUYBOARD PURCHASING CONTRACT!

Premier LogiTech is proud to announce our recent win with the Buyboard Purchasing Coop for Dell Hardware.

Buyboard is a competitive procurement process, which will not only save customers time and money but will also save them the hassle of preparing bids. Purchasing through the Buyboard allows members to receive additional savings in the form of an annual Cooperative Rebate based on their purchasing volume. That's money that could go right back into their technology funds for future purchases.

With over 4,000 members in Texas alone, it's likely your customer is a member.

Let us know if you would like more details or if you would like for us to contact your customer in regards to the Buyboard Contract.

HOW CAN WE SUPPORT YOU?

With the purchasing season quickly approaching, you can count on Premier Logitech for support.

Our highly trained staff has the ability to offer solutioning, project management and sales expertise. Whether you're needing assistance in selling Dell's products through the channel or solutioning a services opportunity, Premier Logitech has the ability to offer the **SUPPORT** you need during the busy season.

Give us a call, we are known for responding quickly!

Upcoming News

Here at Premier LogiTech we are always looking for new ways to support you and your customers. We are currently looking at new service offerings that we feel will allow us to serve you better. As we enable these services we will provide some details about where/when they will be available in future newsletters.

As always, if you or your customer have any questions about the services that we currently provide please feel free to reach out to us.

Recent Wins!

Premier LogiTech is pleased to announce our latest win with Pflugerville ISD. Services performed at Pflugerville ISD included de-installation, installation, relocation of legacy systems and trash removal.

We are also in the midst of an engagement with the City of Arlington. Premier LogiTech is performing the following services: warehouse/redelivery, asset tagging, de-installation, installation, data migration and trash removal.

Let us know if you're interested in hearing more details about these projects and how we can assist you and your customers.
